PALMYRA ISLAND . . . .

This island is located about 950 miles south of Hawaii. During World War II it was the site of a Navy/Marine Corps air station. Today the former airstrip is largely overgrown and the island is uninhabited except for birds and crabs. Palmyra was one of the phases of the Kingman Reef operation organized and operated by the Northern California DX Club and sponsored by the Northern California DX Foundation, Inc. 6235 QSO's were made from Palmyra.

EQUIPMENT: TX/RX: 2-FT101B's w/remote VFO's. 1-FL-2100B amplifier. Antennas: TA-33, 18AVT.

OPERATORS: Bob Ferrero, K6AHV, "Rusty" Epps, W60AT,
Pete Grabosky, WB600L, Jim Rafferty, WA9UCE/6.
